## FLAGSTAFF FALL CARNIVAL

2 DAYS—FRIDAY AND SATURDAY, OCTOBER 7 AND 8

**All Arrangements Completed. Will be a Grand Success.  
Amusements for Old and Young. Not a Dull  
Moment. The Two Days' Program.**

The arrangements for the carnival have been completed and everything will be in shape for the opening day on Friday, October 7, for the two days of sport.

The indications are that there will be a great many visitors here from the surrounding towns.

The railroad has made a rate of one fare for the round trip from all stations along their line in Arizona for the carnival days.

The tract is a new one and is being put in first-class condition. The base ball grounds are in fine condition for the games. There will be one game each day.

Already a number of horses have entered from Williams and the Verde valley.

For the cow horse races there are plenty of entries and the cow boys will furnish lots of fun during the carnival.

Frank Beal with a force of men has been erecting a new grand stand this week for the carnival. The stand is in a better position from which to view the events of the carnival days than the old stand.

### First Day, Friday, October 7th, 1904.

10:00 a. m. Fire hose race; (wet test,) one purse, \$150.00. Race to take place on Leroux avenue.

Committee on Advertising and Transportation—C. M. Funston, chairman; R. E. Jones, Geo. Sullivan.

Committee on Grand Stand—A. A. Dutton, president.

### Little Fish by the Thousands.

On last Saturday night E. A. Sliker, fish and game commissioner received from G. Winn, a messenger of the U. S. fish commission, ten thousand young fish. Three thousand were bass and the balance were trout. The bass were placed in Lake Mary and the trout in Oak creek. The young fish were from the government fisheries at Neosho, Mo. The fish were about three inches in length and were in fine condition. Wagons were in waiting for the fish on the arrival of No. 2, and the fish were in the waters designated by daylight the next morning.

Dr. J. E. Adams received his new automobile last Saturday and he has been busy ever since learning the vagaries of the machine. He has however mastered the various working parts of the machine so that it is now of practical use.

A. E. Hackett, in charge of the local office of the Weather Bureau, furnished the following report for the week ending September 30th: The mean temperature of the week was 49.7 degrees, which is 4.3 degrees below the normal but two degrees higher than the mean for the same period last year. The highest temperature was 69 degrees, on the 25th, and the lowest, 26 degrees, on the 28th. The first "killing" frost of the season occurred on the 27th. No precipitation occurred during the week. The prevailing winds were from the southwest, and the average cloudiness was 20 per cent.

### A Band of Fine Sheep.

Jos. Dent, of Dent & Sayer, returned Sunday from Oregon with a lot of fine sheep, the result of his trip to that state. The band numbered about 1,200, of which about 900 were ewes, the balance being bucks. The sheep are of the merino breed and are a fine looking band. The bucks are for the purpose of improving the present range stock.

## DEMOCRATIC RALLY

**Mark Smith and Col. Wilson Make Talks at the Court House. Smith and Statehood the Issue.**

Last night the democrats held the opening rally of the campaign at the court house. The usual firing of giant powder, bonfire and music by the A. L. & T. band were indulged in before the meeting. The speakers and the local candidates marched from the hotel to the court house.

Mr. Smith was the first speaker of the evening and talked for nearly three quarters of an hour.

He said that there was but one issue in this campaign that of preventing Arizona and New Mexico being admitted as one state and it was not a political issue but one which every citizen whether he be democrat, republican or any other political faith should lay aside his politics and vote for Mark Smith and separate statehood this course being the only salvation of Arizona from statehood with New Mexico.

From a democratic stand point Mr. Smith made a good argument, and if it had been the first time they had heard him his talk might have influenced some votes, but the people have listened to the same talk from Mr. Smith for the past twenty years and they have tried him without receiving any real benefit by his sojourn in Washington. Then too Mr. Smith is somewhat responsible for the position Arizona is in relative to joint statehood.

In the meeting Mr. Smith was not received with the old time enthusiasm and he seemed to lack the energy displayed in former campaigns. The hall was but comfortably filled while in other campaigns Mr. Smith has called out crowded houses.

Col. Wilson followed Mark and he made one of his usual talks the house being half empty when he finished.

The distinguished democratic speakers left this morning for Winslow and will continue on through Navajo and Apache counties as far as St. Johns.

### THE PIONEER DRUG STORE SOLD

**Stock and Building Sold. Ten Thousand Dollars the Price.**

On Saturday last Dr. D. J. Brannen sold his stock of drugs and building N. J. Hudson of Gallup, supposedly a representative of the Cover Drug company, the consideration being about \$10,000.

Dr. Brannen has been in the drug business since the starting of the town of Flagstaff. The building being among the first built in the present town and the doctor has seen many changes in the business of the town since his advent here.

The doctor is now on a visit to relatives in the east and upon his return will devote his time exclusively to the practice medicine.

The store will remain under the management of J. E. Ruffin, who has been the manager of the pioneer drug store so long. He will however, spend the coming month in making the canvas for council being the democratic nominee.

The great register will close on October 17.
